Relocation services with mobility technology included.

Benivo delivers the full relocation service you expect from a relocation management company (RMC): experienced consultants, global suppliers, payments and ownership of every move. The Mobility Tech platform, automation and AI come with it, funded by your existing relocation spend.

Technology removes the admin so our people can focus on yours.

- **100+ countries**
- **24/7 human support**

EXPERT RELOCATION SUPPORT

Your move is our responsibility
A named consultant manages the journey, coordinates suppliers and owns issue resolution.

Global reach, local expertise
Vetted providers for home sale, housing, shipping, settling in, and destination services.

Dedicated VIP support
Experienced specialists and a curated supplier network for complex executive moves.

A partner for your team
A dedicated client success manager provides proactive programme advice.

A SIMPLER EMPLOYEE EXPERIENCE

One place for the whole move
Benefits, documents, allowances, expenses and service progress in one connected experience.

Clear next steps
Live milestones and expected timelines help employees know what happens next.

Support when it matters
Consultant guidance, 24/7 human support and Benivo AI for routine questions.

Payments made easier
Allowances and supplier payments handled for you, and expense reimbursement processed within one working day.

MORE CONTROL FOR MOBILITY

The technology is included
A full mobility management platform, with no separate software licence to buy. Consolidate tax, immigration, and relocation data to authorize services in a click.

Costs and approvals in view
Cost estimates, balance sheet, budgets versus actuals and tracked exception approvals.

Less financial administration
Automated invoice audit, compensation accumulation and payroll reporting.

Intelligence that drives action
Mobility Intelligence (MI) surfaces insights; supplier monitoring flags issues for proactive resolution.

HOW WE DELIVER MORE

Competitive supplier costs
No supplier ownership or preferential commercial relationships. Bids per move and external rate comparisons, where available, help reduce costs. Use our network, your suppliers, or both.

Flexible policies and stronger control
Managed services, VIP, core-flex, managed budget, lump sum and early careers. Consistent service standards, local expertise and proactive supplier monitoring.

A supported transition
No implementation fee. A dedicated lead manages onboarding, with support after launch. Under 12 weeks to go live, depending on scope.
